### Appeal of Wife of Dis- charged Union Street Car Conductor

### INCITED THE MEN TO RIOT

### In Streets of Louisville and a Riot Call Was Answered by the Police

### Who Although Greatly Out-numbered Charged and Finally Dispersed the Crowd

Louisville, Ky., Nov. 18.—Roused by the story of a woman, who with tears told of the hardships she had suffered since the discharge of her husband, a union conductor of the street railway company, 2,000 strikers and their sympathizers paraded the streets late Sunday afternoon with cheering for their leaders and anathema for the company.

The parade terminated in a riot at Fourth and Market streets, the principal intersection, where a desperate attack was made on the police who attempted to break up the crowd and prevent the inflammatory speeches of their leaders.

The net result of the riot was the arrest of four men, the injury of two policemen, the smashing of three street cars and the frightening of the women passengers into a panic.

The meeting of the afternoon took place at Beck's and Germania halls, where the determination to fight to the end was expressed, and where an appeal was made to the public not to ride on the cars. Mrs. R. L. Hawkins who spoke to the men, wept as she related the sufferings she had endured since her husband's dismissal, and through her tears urged to strikers to stand fast.

The parade in which there were several women, attacked a car and smashed the windows. They went to Chestnut street, attacked another car broke the windows and injured several women passengers, who were hurt in their panic stricken efforts to escape from the car.

Other cars reversed their currents and sped back to the barns over the same tracks.

When the strikers, still yelling, reached Fourth and Market, they stopped. Several of them mounted their companions' shoulders and started to make speeches advising the destruction of the company's property. Six policemen stationed at the corner, charged the crowd, when a man drew a knife and struck at Policeman Coons. Policeman Sexton seized him, but he broke away, dropping the knife. Arthur P. Lasuet, who was inciting the men, was arrested, and Ed Clark threw a brick at the officer, shouting, "I'll fix him." Only Dalton's cap saved him from a serious hurt.

An auto filled with police was rushed from the Central station. The men leaped out and charged the crowd, using the clubs freely. The mob held and the policemen drew pistols. Sergeant Brockman was struck with bricks on the head and the knee. His injuries may be serious.

There was a large sprinkling of women in the crowd inciting the assemblage to stone the street cars.

After the riot the chief of police issued an order prohibiting parades although meeting will not be molested. The courage of the police, 26 in number, in going after the mob was favorably commented on.

### NEW ASSEMBLY TO MEET DEC. 2

Guthrie, Okla., Nov. 18.—Governor Charles N. Haskell late Saturday night issued a call for the legislature of the new state to meet on December 2. The place where the session will be called is left open. This gives reason for fear here that the legislature might be called to meet at some other place than Guthrie, if the city does not offer a place for the legislature to meet at a figure to suit the

governor and the legislators. Shawnee has offered quarters for the state officers and a place for the legislature to meet free of charge.

The Oklahoma legislature is composed of 109 Representatives and 44 Senators. The Republicans have only 17 members of the house and five members of the senate.

Governor Haskell does not outline and proposed legislation in the call.

### NEGOTIATIONS OFF WITH SWITCHMEN

Buffalo, N. Y., Nov. 18.—Negotiations between the eastern railroads and the Switchmen's Union of North America, are practically ended. Unless one side or the other recedes before midnight, serious developments are expected.

### LAD DREAMED OF VENGEANCE AND ADMITS MURDER

Kent, O., Nov. 18.—"I dreamed that his friends were hunting me and would kill me," said Mike Dell, aged 17, who gave himself up and confessed to killing Andrew Troccio, 17.

### MARVELOUS WAS THE RECOVERY OF MRS. WALKER

Mrs. Mabel Walker left the Newark Sanitarium Monday morning for her home on Race street after being confined there since October 31. It will be remembered that on that date she was struck by the engine of a B. and O. freight train while on her way to work and received injuries from which it was thought she would never recover, a large hole being cut in her head, and also sustaining a gash across the head which measured thirteen inches. Her complete and quick recovery is certainly marvelous.

### FIVE QUEENS DINE WITH THREE KINGS

London, Nov. 18.—Three Kings, two of whom also are Emperors, and five Queens dined together Sunday at Windsor Castle. It was a larger assembly of royalties than had ever taken place there.

Those present were King Edward and Queen Alexandra of England, the Kaiser and Kaiserin of Germany, the King and Queen of Spain, Queen Maud of Norway and Queen Amelia of Portugal.

A photograph of the royalties was taken after the lunch.

### GIRL DEFIES MASKED BURGLARS.

New York, Nov. 18.—While it is not a jolly experience for a little girl to be held up at the point of a pistol and hear two masked burglars threaten to kill herself, her nurse and her 8 months old baby sister, still Pacifica Crespi, the 6 year old daughter of Robert Crespi, a mining engineer of Costa Rica, is one of the

National Committeeman Declares at New York That Sentiment is All for Bryan.

Chicago, Nov. 18.—Roger C. Sullivan, Democratic National committeeman for Illinois, returned from Philadelphia Saturday and gave out a statement, which is interpreted as conceding William Jennings Bryan's nomination by the Democrats for President.

"Mr. Bryan is the only candidate for President before the Democratic party that I know of," said Mr. Sullivan. "So far as I am concerned, I shall be with whomever the Democrats of Illinois want for President."

This statement, issued immediately after a visit to the East, is held by some to mean that the Democratic leaders of the East have given up any thought of booming a Southern, or Governor Johnson of Minnesota, or Governor Polk of Missouri, and that Mr. Bryan will probably be nominated without opposition.

It was announced by a prominent Chicago Democrat that both Governor Polk and Governor Johnson had forbidden any further mention of their names for the presidency, and while several southern newspapers had followed the lead of the New York publications that were trying to stir up enthusiasm for a Southern man, that sort of sentiment had failed to crystallize on an available candidate.

Mr. Bryan's announcement will put a stop to all tentative Southern booms according to the prevailing Chicago opinion.

It also developed that Chairman Thomas Taggart of the Democratic National committee, had been quietly working in the interest of Mr. Bryan's nomination. Mr. Taggart is said to believe that Mr. Bryan is the only available candidate for the party. This fact will add interest to the Democratic National house party, which (Continued on Page Eight.)

Washington, Nov. 18.—In the Bradley trial today the defense began to fortify the insanity plea by several witnesses who talked with Mrs. Bradley after the shooting. Reporters said that she had wild eyes and was erratic in behavior. The government's attorneys grilled the reporters, one of whom said he did not think the woman insane. A Salt Lake physician told of operations on her for blood poisoning, the last of which resulted in a delirium lasting several days. The ailment he said, frequently affected the brain permanently.

Mrs. Bradley was nervous but calm in court. Every effort is being made to conserve her strength for the supreme test, the narration of her own life's story.

ON ACCOUNT OF IRREGULARITIES  
OF DEPUTY SHERIFF IN  
SERVING SUMMONS.

### POWERS CASE RESUMED

Avowal of Defense Admitted as Well  
as Counter Avowal of the  
Prosecution.

Georgetown, Ky., Nov. 18.—Judge Morris reconvened the Scott county circuit court today at 9 o'clock, to begin the second week of the trial of Caleb Powers, charged with complicity in the assassination of William Goebel.

There were seven men in the jury box, selected as eligible last week.

Judge Morris permitted the filing of both the avowal of the defense and the counter avowal of the prosecution. These papers question the legality of the pardon granted Powers by Taylor, while the latter claimed to be governor and are intended to go before higher courts in case an appeal is necessary if taken.

After disposing of these questions Judge Morris asked that the work of securing a jury be again taken up. The second division of veniremen summoned from Harrison county was then brought into the court room and the work of securing the jury was again begun.

Powers looked much better this morning. The exercise of last week attending to the conduct of his case, the open air had gotten in his work, and the pallor color had left his face.

Later the defense asked that the special venire be set aside, because of alleged irregularities of deputy sheriff in serving summons.

### GOV. WILSON SAYS EX-GOVERNOR WILL HAVE FAIR TRIAL

Indianapolis, Nov. 18.—Augustus E. Wilson, Republican governor-elect of Kentucky, with Mrs. Wilson, who are on their way to Washington, stopped here with relatives. In an interview, Mr. Wilson said that if Wm. S. Taylor, former governor of Kentucky, and Charles Finley, former secretary of state, under indictment for complicity in the murder of William Goebel, returned to their native state he intends to see to it that their lives are protected and that they get an

### MRS. BRADLEY WILL EXPOSE HER HEART TO THE WORLD.

Washington, Nov. 18.—In the Bradley trial today the defense began to fortify the insanity plea by several witnesses who talked with Mrs. Bradley after the shooting. ### MOTHER AND BROTHER TORTURED TO SAVE LITTLE GIRL'S LIFE

Philadelphia, Nov. 18.—Surgeons at the Medico-Chirurgical hospital are proud of Edward Richard Hall, a sturdy chap of 11, who gave 30 square inches of skin from his slender legs to save his sister, Mildred Mariel Hall, 7 years old, who was terribly burned last April.

It was after the mother of the suffering child had supplied as many grafts as the doctors dared take, that Edward Richard came forward and bravely offered to go under the surgeon's knife. He said, without flinching, when faced the house surgeon: "You can take it all if it will only save my mother and little sister."

The saving of the life of the girl was one of the most remarkable cases of grafting of which there is any record. The child had been so badly burned that there was scarcely a whole patch of skin on her little body. Her mother remained three months in the hospital while her sons, three and

after time, took away the cuticle from her (the mother's) body for transplanting to the burned places.

Finally, when the doctors found that they could not take any more of the mother's skin, and more was needed for the child, the brother, Edward Richard Hall came forward and sacrificed 30 square inches of cuticle from his small shanks.

When this was done little Mariel had a whole skin again and rapidly gained in strength. During all the time the mother remained in the hospital she was in continual suffering.

Charles R. Hall, the father of the girl, had offered himself, but the doctors said his skin was too old and too coarse. At the time Mrs. Hall went to the hospital to remain she was nursing a 9-months-old baby. She is entirely well now. The baby is fine. Little Mariel will be out of the hospital in a few days and Edward Richard's small legs are healing up splendidly.

### NEARLY ONE FOURTH OF ALL CATTLE ARE AFFLICTED WITH TUBERCULOSIS

Columbus, Nov. 18.—The generally accepted theory that consumption can be communicated to human beings through the milk of cows, makes alarming the statement in the annual report of the state live stock commission to Governor Harris, Monday, that almost one-fourth of all cattle tested by the commission during the year showed the presence of tuberculosis. During the year the commission ordered killed 224,359 worth of live cattle.

### THOUSANDS CHEER AGED PEDESTRIAN AT CLEVELAND, O

Cleveland, Nov. 18.—At 5:12 Edward Payson Weston, the white haired 69 year old pedestrian, strode into the Hollenden Head through cheering crowds, that blocked the streets. He had walked 21 miles from Fairview in eight hours, and was 21 hours ahead of his schedule on his 1239 mile tramp. Weston's tramp down Euclid avenue from the city limits was a triumphal procession of which the President might well be proud. Long lines of men joined hands. With these on either side and an automobile a pace behind a way for him was forced through the crowds. He ate a breakfast of eggs and fruit. Two minutes later he was asleep. In an hour he was on his way with 48 miles to cover before he sleeps at Wakeman, Ohio at 10:30 tonight.

### FALLING WALLS BURY FIREMEN

Barro, N. D., Nov. 18.—Firemen White and Harman were killed by falling walls in a fire which destroyed the five story plant of the Case Threshing Machine company today. Loss \$200,000.

Mariah Bernardo, an 18 year old Italian girl, has arrived at the Ohio penitentiary to begin a life sentence.

Washington, Nov. 18.—In order to restore normal conditions in business and financial circles the secretary of the treasury has decided to issue \$50,000,000 of 2 per cent Panama Canal bonds and \$100,000,000 of 3 per cent interest bearing United States notes, or as large a percentage of that amount as he may deem it necessary to the amelioration of the present situation.

The Panama bonds will be disposed of to the highest bidders and beyond all doubt will bring a premium, inasmuch as they may and will be used as a basis of additional circulation by national banks.

The government notes, or certificates of indebtedness, will be allotted at par among the public as rapidly as the money is paid over. They will be redeemed in a year, while the Panama bonds are redeemable after 10 years from the date of issue and payable in 30 years.

Announcement concerning the two issues was made Sunday night. Accompanying Secretary Cortelyou's invitation of proposals is a letter addressed to him by the President, cordially approving both expedients and exhorting the people of the country to recover from their apprehensions and assist the administration in restoring confidence.

To Secretary Cortelyou alone is attributed the discovery of the hitherto unused provision of the war revenue law of June 13, 1898, whereby the government is enabled to float a maximum of \$100,000,000 three per cent certificates of indebtedness, the proceeds of which will be deposited in the various National banks of the South and West to relieve the present money stringency, and facilitate the movement of the crops. Section 32, the only part of the law repealed, still remains on the statute book. After his discovery, the secretary went to New York last week and conferred with several of the financial magnates. They endorsed the plan.

"White House,  
Washington, November 17, 1907.

"My Dear Cortelyou: I have considered your proposal and I approve the bond issue of \$50,000,000 of Panama bonds, which will be immediately available as the basis for additional currency. I also approve the issue of \$100,000,000, or so much as you may find necessary, of \$50 three per cent interest bearing government notes, the proceeds of the sale of which can be at once deposited by you where the greatest need exists, and especially in the West and South. I have assurance that the leaders of Congress are considering a currency bill which will meet in permanent fashion the needs of the situation and which I believe will be passed at an early date after Congress convenes two weeks hence.

### IN MEMORIAM.

In loving remembrance of my dear wife, Melissa J. Livingston, who died November 18, 1906:

Lonely is our home and sad are the hours  
Since our dear Melissa is gone.  
We have found life full of shadows,  
In the one long year  
That has passed and gone.  
No earthly joy can brighten  
The dark shadow  
Which grim death has cast.

Thou art gone,  
But not forgotten;  
In the minds of everyone.  
One by one the flowers are taken;  
One by one the roses fall,  
And we carefully remember,  
Pain and sorrow,  
Comes to all.

The moon and the stars are beaming  
Upon a quiet grave.  
There sleepeth without dreaming,  
The one I loved and could not save.  
Heaven now retains my treasure,  
Earth the barren casket keeps.  
And the sunlight loves to linger  
Where my dear wife sleeps.

Oh, we miss your coming footsteps,  
Oh, we miss you everywhere.  
Home is not what it used to be  
Since my dear wife is not there.  
'Twere vain to call you back again—  
So all that we can do—  
Is to pray that we shall meet you  
In heaven above.

—From her loving husband, S. D. Livingston and Family.

## DASTARDLY

ASSAULT WAS MADE ON MISS  
KATIE TOOMEY SATURDAY  
EVENING.

Knocked Down by Unknown Assailant, Who Attempted to Gag Her. Motive Probably Robbery.

One of the boldest as well as most infamous assaults that has been made on a defenseless woman in Newark some time, was that made by an unknown scoundrel Saturday night on Miss Katie Toomey, who for some time has made her home with the family of Mr. Charles Hoover, 122 West Locust street.

Mr. and Mrs. Hoover were away from their home on Saturday night, and at quite an early hour in the evening Miss Toomey went down street, and after doing some shopping returned home. On her way home she stopped in the Five Point grocery and remained there some 15 or 20 minutes. On arriving home she went around to the back porch and was engaged in putting some things in the refrigerator when she was startled to hear a step on the porch immediately behind her, and turning her head had just time to see a man, when she was struck with something on the head and a handkerchief was pressed to her mouth and nose, and she lost consciousness.

Miss Toomey, when seen by an Advocate reporter said that her assailant was a tall white man with his coat collar turned up over his face and she thought he wore a cowboy hat. She says that when she regained consciousness about an hour after the assault had been made on her, she was lying on the brick pavement close to the porch, and that Mr. and Mrs. Hoover had returned by that time. She says she immediately notified them of what had occurred, but no trace of her assailant could be found.

It is thought that the object of the scoundrel was robbery, but that he was frightened away before he could gain entrance to the house. Miss Toomey still has the handkerchief with which the fellow attempted to gag her.

Washington, Nov. 18.—The "Greater Pittsburg" law was declared constitutional by the Supreme court of the United States today.

## "BOY PHENOM" UNDER ARREST BUT RELEASED

East Liverpool, Nov. 18.—Ralph Emerson Brake, posing as the "Boy Phenomenon," a licensed physician, was arrested Friday afternoon at Wellsville, on an affidavit filed by the secretary of the State Medical Board. Upon arraignment it developed that he held a certificate issued by the board April 11, 1898. A motion by the secretary of the board to dismiss the case was sustained by Mayor Fogo.

A. G. Adams is the head of the concern and is its financial manager and an affidavit was filed by the secretary of the Medical Board, charging him with having treated a well known aged lady of East Liverpool, O., without having first complied with the provisions of the act of the general assembly of the state of Ohio entitled, "An act to regulate the practice of medicine in the state of Ohio." A few minutes before 11 o'clock last night he was located at the Hotel Metropole and was brought before Mayor Fogo. Mr. Adams at once pleaded not guilty. The mayor announced that the case would come up for hearing at 9 o'clock today, and informed Mr. Adams that he would stand committed to jail in the sum of \$1,000.

He expressed a determination to fight the case bitterly. After the bail bonds had been signed up Mr. Adams was excused and returned to his rooms at the Hotel Metropole.

## PROBABLE GRAFT IN MANAGEMENT OHIO PENITENTIARY

Columbus, Nov. 18.—Graft or lack of business judgment in the management of the Ohio penitentiary is strongly indicated in the annual report made to Governor Harris, Monday. During the year ended October 31, the earnings of the prison camp within \$549.29 of equalling the expenditures against a deficit in 1906 of \$143,723.53, and a deficit in 1906 of \$56,498. The prison management asks for a repeal of the Werts law to abolish convict contract labor.

## VENDETTA

Held Responsible for Riot in an Italian Theater in Brooklyn on Sunday.

New York, Nov. 18.—Though it is believed at least 20 men participated in last night's battle in front of the Marietta, an Italian theater in Brooklyn in which one man was killed, one was fatally wounded and probably a half dozen more or less seriously injured, the police can learn the name of but of the contestants. This is the dying man, John Lavardo, shot in the

eye during the engagement. The dead man is unidentified and the wounded except Lavardo, were all dragged away by their companions so that even their number is not definitely known. The detectives think the fight was the culmination of a vendetta. It began while the theater performance was in progress, when the streets were nearly deserted except for the forces engaged.

**SAD ACCIDENT**

TO NEPHEW OF MR. ERNEST JOHNSON MAY CAUSE BOY'S DEATH.

A Bean Shooter Held in His Mouth, Struck by a Football—Operations Performed.

Richard, the 13 year old son of Mrs. Martha Evans, nee Johnson, formerly of this city, was perhaps fatally injured a few days ago at his home in Kennelworth, a few miles from Chicago, in a very peculiar manner. He was playing football with some boys and in a spirit of fun grabbed a bean shooter from a friend and just as he had it in his mouth it was struck by the football and forced down his throat. The jugular vein was touched, but luckily it was not cut. The boy has undergone three operations at one of the Chicago hospitals and there is a slim hope that his life may be saved.

Manager E. T. Johnson of the Auditorium theater is an uncle of the boy, and his two aunts, Mrs. Elizabeth Rankin, and Mrs. W. A. Sprague also live in Newark.

**CHURCHMAN**

Who is Well Known as Bishop of Southern Brazil, at Trinity Church Tuesday.

The Rt. Rev. Lucien Lee Kinsolving, Bishop of Southern Brazil, will preach in Trinity church, corner of East Main and North First streets, on Tuesday evening. The service will begin at 7:30 promptly. The full vested choir under the direction of Mr. D. J. Winton will render the music.

The Bishop comes from one of the old Virginia families and is a favorite son of the Old Dominion. He is noted as a most eloquent preacher and it was only by the rarest good fortune that he was able to spend an evening in Newark.

Some years ago, he went to South America as a missionary. He located in Southern Brazil, where the work under his magnetic influence prospered to such an extent that he was consecrated to the Episcopate and now presides over a vast and growing diocese. He is in this country only for a short time, having come to attend the general convention of the Episcopal church, recently held in Richmond. His brother also is a Bishop in the American church, ruling his diocese in Texas.

Bishop Kinsolving has been in such great demand in the large cities that Newark may consider itself fortunate indeed to have the opportunity of having him as a guest and to hear one of the most forceful and eloquent preachers ever produced in America.

**DEATHS AND FUNERALS**

**MRS. ELIZABETH GARTNER.**  
Mrs. Elizabeth Gartner, one of the oldest residents of Licking county, died at the home of her daughter, Mrs. William Butler, Monday, shortly after 4 o'clock, at the age of 86 years, 7 months and 6 days, her death being due to old age. She was born in Kuebelberg, Bavaria, Germany, on April 12, 1821. She was married to Mr. Frederick W. Gartner when 23 years old. From this union 15 children were born, five of whom are living to mourn her death, being Frederick of Fairfax, Washington; Carl of Baltimore, Md.; Mrs. William Butler, Mrs. Nicholas Lohman, and Mr. Henry Gartner of this city. The husband died in 1881, and shortly after his death she came to America, where she lived in New York for two years, after which she came to Newark, where she has resided ever since. Besides the bereaved family a large circle of friends mourn her death. The funeral arrangements have not been made as yet.

**MRS. MARY A. SHEPPARD.**  
Mrs. Mary A. Sheppard, a widow, died at the home of her daughter, Mrs. Edward Tyhurst, on Orchard street, in the Franklin addition, Sunday night about 10 o'clock, after a lingering illness of consumption, aged about 53 years. She is survived by eight children, being Mrs. Wayne W. Sheppard, Mrs. Edward Tyhurst, Mrs. Abraham Richardson, Mrs. Chas. Sebring, Mrs. Ernest Hopkins, Emmet Sheppard, Clyde Sheppard and Ora Sheppard. There are also left to mourn the parents and several brothers and sisters. The funeral services will be held Tuesday afternoon at 2 o'clock from the house, 170 West Orchard street.

**MRS. ELIZABETH ENGLE.**  
Mrs. Elizabeth Engle of Poughkeepsie, N. Y., who has been visiting her daughter, Mrs. Lawrence Turner of 50 North street, died at 11 o'clock Sunday morning. Her death was due indirectly to brain trouble. The deceased was 64 years of age and was born in Holland. The remains will be shipped to Poughkeepsie, N. Y., at 7:45 Tuesday morning, and the burial will be made in that city.

**THOMAS W. JONES.**  
Thomas W. Jones, son of the late Thomas E. Jones, a pioneer resident of Newark, died at a hospital in Chicago Friday night of cerebral hemorrhage, aged about 53 years. The deceased was formerly one of the best known men in Newark, and the news of his death will be learned with regret by many of our citizens. He was a machinist by trade, having learned his trade in the old Blandy machine works, this city. The remains arrived here Monday morning, and were at once taken to the vault in Cedar Hill where short services were held by Rev. Mr. Bennett, pastor of the Fifth street Baptist church. The deceased was an unmarried man and is survived by three brothers, Horace, Frank and Fred Jones, and two sisters, the Misses Hattie and Elizabeth Jones.

**CHARGES FOR OBITUARIES AND CARDS OF THANKS.**

## THE NEW STATE

President Roosevelt signed the proclamation declaring Oklahoma to be admitted as a State and immediately thereafter the inauguration of the governor and other officials of the new state took place. The admission of Oklahoma brings the number of States up to forty-six and decreases the number of territories by two. On next Independence Day the official flag of the Nation will for the first time bear the new star representing the new State. The population of Oklahoma is estimated at about 1,500,000 and is increasing rapidly. Nine-tenths of the population is white, the rest being composed of Indians and negroes.

The constitution of the new State has a number of novel features. One clause provides that the records, books and files of all corporations shall at all times be liable and subject to the full visitatorial and inquisitorial powers of the State, notwithstanding the immunities and privileges in the bill of rights. Another declares that the right of the State to engage in any business, except that of agriculture, shall not be denied, thus authorizing public ownership of all utilities. The right of a certain number of citizens to initiate and enact legislation, as well as to pass, upon important measures pending before the Legislature, is also recognized in the constitution. The manufacture and sale of liquor within the State is prohibited for a period of 21 years. A corporation commission is also created with large powers to regulate the business of corporations.

**AUBREY STOCK COMPANY.**  
The old reliable Aubrey Stock company which will appear at the Auditorium all this week with music Wednesday and Saturday afternoon is considered one of the strongest companies of the kind on the road. This season "Two big companies combined into one, 16 dramatic people and 6 vaudeville artists, as many people as you see with most musical comedy companies. Each play will be

given a scenic production and the special scenery is carried for that purpose.

Monday night the company will offer that well known melodrama entitled "A Great Temptation," which has never been seen in this city at the popular prices. Six vaudeville acts will be introduced between the acts of the play.

## ORPHUM THEATER.

The show this week is a winner and should draw capacity houses. All performances Manly and Sterling the old time favorites, are presenting a new sketch this season entitled "Kid Hickey," a story in slang, in which this clever team are shown to

love for truthfulness are characteristic of American women. Such are a few of the prominent characters. The author has happily chosen as representatives, together with a rascally Mexican, a treacherous lieutenant, a fun loving negro and a witty Irishman.

A title of 16 Indians from their wild and picturesque homes, in native costumes and war head dress, add gentleness and attractiveness to one of the prettiest word paintings the stage has ever seen. The piece gained a reputation during the run of it in Chicago that has seldom been accorded any organization playing the popular piece houses.

## "SWEET KITTY BELLAIRS."

Here is what the New York Sun had to say when Mr. David Belasco's play, "Sweet Kitty Bellairs," was produced in the metropolis.

"There is this to be said about 'Sweet Kitty Bellairs'—if you don't care for the pictures, you will enjoy the play, if you don't care for the period you will surely be delighted with the stage tableaux. 'Sweet Kitty' the incomparable 'Bellairs' has come to stay a long time in this prosaic city and century.

She is witty, light sparkling, witty and taps easily the well-spring of pathos. Wearing the lovely gowns and hats of the Gainsborough period, she looks picturesque to a degree."

Mr. Belasco will present "Sweet Kitty Bellairs," with all her splendid scenic investiture and wealth of costume at the Auditorium, Monday evening, Nov. 25, which means that local Manager Johnson will be found wearing the smile that won't come off, as his ushers seat what will, no doubt, prove to be the largest audience of the season.

It is doubtful whether there is any other American-born and bred musician who has achieved the sensational success won by Francis MacMillen, the violinist, on his first tour of this country last season.

There are scores of young American prodigies who go abroad every year study earnestly and diligently, and when they make their European

the best of their ability. The Crotty trio whose act accompanies this notice do an excellent singing and dancing sketch. The Gilmore sisters, the Western Ranch Girls are two of the most clever ever seen here. Toki Minami the Jap wine waiter holds the reputation of being one of the few features of the Forepaugh circus last season. The illustrated song and the monologues are bona good.

## THE LEAVING ARROW

On Tuesday evening November 19 at the Auditorium the romantic melodrama "The Leaving Arrow" will be presented. The play is now the property of the American J. Carter, who has Eastern in the construction of melodrama and novel effect. In the play a contrast between the old and the new is shown. The play is a well known novel by the author and is a real gem to the stage. The play is a well known novel by the author and is a real gem to the stage.

debut we hear glowing accounts of their wonderful prowess. Strange to say, when they present their talents for the critical inspection of their own countrymen they seldom, very seldom, arouse even a moderate degree of enthusiasm. It is very gratifying to know that young MacMillen's sensational triumphs abroad have been more than duplicated in his native land. Last season he played over ninety concerts and he has returned to America for a second tour. His first concert was given at Carnegie Hall New York Sunday October 6th followed immediately by concerts in Boston and other eastern points. He has already been booked at the Auditorium in this city for a concert to take place Wednesday, November 27.

At this concert he will be assisted by Mme. Van Dyk formerly prima donna soprano of the Royal Opera of Berlin and Amsterdam, and Mr. Richard Hegman, the celebrated Dutch pianist.

## EXPERT USES

## HOG HIDE BAIT

(Columbus Dispatch)  
At butchering time "Uncle Ike" Jones, the veteran Buckeye Lake fisherman, takes the skin of the back of a hog, picks it and uses it for fish bait. "I say your 'tip jacks' and all your other kind of fool things to get fish are no good," he declared. "This pickled hog hide gets 'em every time. You just cut the bait diamond shape and fasten it good on your hook and there you are. Make it diamond shape or you're lost. Bass like to eat anything else. No, the fish are not biting. The water is too high, I guess."

"Uncle Ike" uses a 20-foot pole and about 20 feet of line and it has become tradition among the Columbus anglers at the lake that he is so expert at casting it, that he can cast the hook into the mouth of a small fish twice out of three times.

His daughter is also an expert with the hook and line.

The fifth from Newark to Sago, Muskingum county, via Hanover, Gilbert and Adamsville, and the sixth from Centerville to Mt. Vernon.

## POULTRY THIEVES

## KILLED IN RAID

New York, Nov. 18—Lyman J. King, proprietor of a poultry farm in the Bronx, has been missing chickens recently and when an automatic alarm woke him early Sunday he seized a revolver and hurried out and fired on two thieves outlined in the moonlight. Bruno Puella, 22 years old, of Yonkers, fell dead with a bullet in the head. Pao Luena, about the same age, received a bullet in the side, another in the leg, and as he fled a third in the back which killed him. King surrendered to the police.

And Mt. Vernon Woman Shot a Neighbor Who She Claimed was Trespassing.

Mt. Vernon, Nov. 18.—As a result of a neighborhood quarrel Sunday, Mrs. Annie Harrington shot James Beach through the shoulder, inflicting a flesh wound that is not serious. Mrs. Harrington was locked up in the county jail. The trouble was all over a pet rabbit. The animal which belonged to Beach, ran under the Harrington home, and when the former went after his property he was ordered away from the premises. Refusing to go, Mrs. Harrington secured a rifle and taking deliberate aim, shot each.

At the preliminary Monday morning Mrs. Harrington was released under bond, to answer whatever charge is formulated by the next grand jury.

Some Important Facts Which May Prove Helpful.

Thirty years ago old fashioned cod liver oil had to be forced down a patient's throat. Invalids couldn't take it, and children wouldn't. But the doctors prescribed it, and it had to be taken by force. Yet it cured people where enough could be taken into the system, for it has ever been the great rest of all tissue builders and general reconstructors known to medicine.

We are now anxious to have every one know that Vinol is a new form of this very old and valuable remedy, containing in a concentrated form all the medicinal elements of cod liver oil, actually taken from fresh cod-livers, but by an extractive and concentrating process it is made without oil or grease, and it is as delicious to the taste as a fresh orange.

Vinol does not upset the stomach like old fashioned cod liver oil, and emulsion; it's strengthening and healing properties are removed from both doctors and patients are delighted with its action.

Many wonderful cures have been made in Newark, have been cured by Vinol, and we ask all of our customers to try Vinol on our guarantee to return money, every time it fails to make rich, red blood, increase the appetite, cure stomach trouble, strengthen and renewed vitality to the aged, run down, tired and debilitated, or cure chronic colds, hacking cough or bronchitis. **The Regal Shoe**

The Monmouth is patterned after a New York custom bootmaker's model originated for young business men's and college men's wear. Every detail of correct custom modeling is at once apparent in its style features as shown by the photograph. The narrow slope-top, the "wing" of the forepart, the flat tread of the sole, the "spade" trimmed extension edge and Military heel are all characteristic of this season's newest fashions. The vamp is cut from the finest quality of upper leather we can buy—smooth finished Black King Calf. This is made of a special selection of small size calf skins, soft and flexible, but wonderfully tough and with unequalled wearing qualities. These shoes are tanned by the chrome process, which not only gives the finished leather a handsome weather resistant, it remarkably weather resistant. Matt Calf is used in the top of the shoe. Every bit of leather in the soles, heels, counters, and toe-boxes of the Monmouth is Oak Bark-tanned—a quality now used almost exclusively by the custom bootmakers.

## DENISON LOSES TO WESLEYAN

Delaware, Nov. 18.—Wesleyan's regulars, Captain Rike out, had no trouble defeating Denison, 26 to 18. After the first 40 minutes of the game, played the locals had aggregated 20 points and kept their own line uncrossed, although an unfortunate fumble on Wesleyan's two yard line kept the visitors from scoring early in the first half.

Victory assured, Coach Rickety began pulling out regulars before the final period was half over. During this part Denison did all her scoring. With but four minutes to play and the score 20 to 18, Wesleyan ahead it was feared that the aggressive visitors might through some means get another touchdown and so rob Wesleyan of victory. Captain Rike entered. Two minutes later another

touchdown by Wesleyan clinched the victory. The line-up:

Denison	Left End	Wesleyan
Pine	Left tackle	Schweitzer
Chittenden	Left guard	Van Sickle
Fox	Center	Austin
Hart	Right guard	Evans
Wilson	Right tackle	Baker
Hillman	Right end	Hutchinson
Possums-Crow	Quarterback	Weaver
Davis	Left half	Stauffer

Referee, Ingalls, W. & J. Umphre, Ekstorm Dartmouth Time of halves, 13 minutes. Touchdowns, Timman (Sauffer), Pine Livingston, Timman (Goals kicked—Weaver 3, Davis 3. Goal from placement, Weaver. Head line-upman Rice. Timers, Russell, loved.

## QUAKERS DEFEAT THE WOLVERINES

Ann Arbor, Nov. 18.—Pennsylvania had down Michigan's much boasted defense Saturday in a game filled with sensational plays scored a single touchdown, winning by a score of 6 to 0. The red and blue goal line was crossed by Captain Magoffin of

fayette. When about opposite 175th street the motor craft descended a steep hill, via Depot lane, to the Hudson river, and without hesitation or change of any kind, plunged into the water for all the world like a duck. Indeed that is what it most closely resembles—a motor duck.

The Wolverines after a 40 yard run following a triple forward pass. The play was not allowed, however, the officials holding that the ball did not go five yards outside of center.

Pennsylvania's victory was deserved. Her attacks were effective throughout the game, Capt. Folwell, Hollenback and Giesse making long gains around the Wolverines' ends and through the line. The Easterners won on an outside back from Michigan's 19 yard line with one formation for drop kick, Kenneth booted the pigskin for ten yards to Gallagher. The giant guard grabbed the ball and, squirming through four Michigan tacklers, planted the ball between the goal posts. At other times Pennsylvania's gains were made on old fashioned football.

CARLEISLE 12, MINNESOTA 10. Minneapolis, Minn. Nov. 18.—The Carlisle Indians defeated Minnesota on the Northrup field Saturday afternoon in the most spectacular game ever seen in the city by a score of 12 to 10. Until the whistle blew at the close of the last half it was anybody's game, neither having enough advantage to be assured of a victory.

OTTERBEIN 13, MUTES 6. Westerville, Nov. 18.—The Mutes of Columbus were defeated here by Otterbein second team by the score of 13 to 6 Saturday afternoon. The score hardly shows how strong the Mutes played, as the local team had its hands full to hand them defeat. Otterbein gained around the Mutes' end to a great extent. The punting of Williams for the Columbus team was one of the features.

DARTMOUTH 22, HARVARD 0. Cambridge, Mass. Nov. 18.—Harvard was overwhelmed by Dartmouth, 22 to 0, Saturday afternoon—the second crushing defeat for the Crimson this season. Dartmouth's team play was wonderful and her offense was irresistible. All the scoring came in the second half, when the visitors had the Crimson completely at their mercy. The fast backfield banging between Harvard tackles and end at will. Harvard made a mess of new football working the forward pass and inside kick. Wendell did some grand rushing but only for the first ten minutes of play did Harvard have Dartmouth on the jump.

## COOPERIDER-COURSON.

A very pretty wedding was solemnized at the home of Mr. and Mrs. Geo. W. Courson near Linville, on Thursday evening November 14, when their daughter, Miss Ethel Courson, was married to Mr. Charles L. Cooperider. The ceremony was performed by Rev. C. J. E. Yantenschlager, in the presence of about 30 relatives and friends. Mr. and Mrs. Cooperider are highly respected young people, and have the best wishes of all for a happy, lenient and prosperous life.

## CASE PROVED TOO STRONG FOR OHIO STATE

Columbus, Nov. 18.—It took just 70 minutes Saturday afternoon for the men from the Case school of Cleveland to prove that the championship tangle is not yet unraveled and, in all probability, will not be settled this year when they defeated Ohio State by a score of 11 to 9. The closeness of the score indicates the intensity of the play and the doubt of the outcome which was present until the very end.

Case came to Columbus with a better team than she has played at any time so far this year. Either it was a better team or the men played better than they ever had before, for the eleven from the science school undoubtedly put up the best game seen on "U" field this year in the line of straight football. State was scored on by Oberlin on account of the ability of the latter to use the forward pass, but the scarlet and gray went down in defeat Saturday because the straight linebacks and end runs of the Cleveland team could not be stopped.

**IRON TRADE REVIEW.** Cleveland, O., Nov. 18.—The Iron Trade Review today says:

Summary reductions in output, operating expenses and future obligations have characterized the industrial situation of the week. This has been evidenced in the shutting down of plants completely or in part, delaying of shipments, curtailments in specifications, and requests for extensions of accounts. The facts have neither more nor less than their face value, for the length of time during which this curtailment will obtain, and the extent to which it will spread, depend entirely on the future relations of cash and collateral, which are now uncertain. Pig iron, scrap, bar iron billets and sheets are weak. Machinery steel, tubular goods and wire products are in fair demand, but with the volume of trading somewhat lighter. Coke ovens have been forced into idleness in sympathy with blast furnaces curtailment, and in a less noticeable degree by foundry retrenchments. The influences emanating from the inability to ship grain from the west are beginning to be felt. The saving feature of the situation is that the not-to-be-disguised suspension of activity is progressing calmly, and is in itself the most speedy and efficient corrective of the conditions producing the present situation.

There are at present some 28 corporation furnaces out of blast, representing close to 25 per cent of its total pig iron capacity. These figures do not include the Tennessee company. It has only eight furnaces in operation. It owns in all about 17 stacks, but four of these are so located or in such condition, that they are only "high-water" propositions, to run in times of greatest activity, so that the normal capacity is 13 stacks, with a monthly output of 70,000 tons.

Some people use extravagant language in spite of the fact that talk is cheap. People used to burn the candle at both ends but now they never turn off the electric light.

The things we get for nothing are generally worth just what they cost.

## RHEUMATISM

## BLOOD FILLED WITH URIC ACID

Rheumatism comes from an excess of uric acid in the blood. This acid circulating through the system irritates the different muscles, nerves, bones and joints, and produces the inflammation and swelling of the affected parts. The uric acid continually grows weaker and more poisonous, until it becomes a dangerous disease. The acids and the oils and fats of the body are destroyed by the acid matter which is constantly depositing in them; the coating of the joints becomes a hopeless cripple. S. S. S. cures the circulation, and by neutralizing the uric acid from the blood and building up the thin, acid Rheumatism permanently, cures the sour, acid-burdened blood, the stream which quiets the muscles, and filters out of the irritating matter which is causing the pain. # GAME LAWS

## Regulation of Hunting and Fishing in State of Ohio.

### OPEN SEASONS INDICATED

Interpretation of Legislative Acts by State Fish and Game Commission. Chief Warden Speaks Writes About the Laws.

The laws of Ohio relating to birds, fish and game have caused more or less conflict between hunters, anglers and commercial fishermen and the state, because of a lack of knowledge on the part of the people generally of the fish and game laws.

The Commissioners of Fish and Game are Paul North, president, of Cleveland; D. W. Greene of Dayton, Thomas B. Paxton of Cincinnati, Geo. W. McCook of Steubenville, and J. F. Rankin of South Charleston. They have been appointed as officers of the commission Geo. C. Blankner, secretary, and General J. C. Speaks, chief warden.

General J. C. Speaks, chief warden, has prepared for this paper the following article discussing the laws now on the statute books and commenting on the work of the commission:

It is the desire of the commission and those interested in the great subject of preservation and protection of fish and game to make this department free from all criticism. It should be no dishonor to serve as a

GENERAL J. C. SPEAKS.

deputy. Those persons associated with this branch of the state government should not be subjected to unjust criticism. Of course the minds of sportsmen hark back to yonder days when the hunter or fisherman could roam at will in the woods or along banks of streams and take any game that came into sight. But nowadays there must be protection to game, else it would not be long until the country was wholly depleted, not only of game but of songsters and insectivorous birds as well. The rights of the landowners must also be considered, since it is doubtless true that without the owner's consent no person has the right to enter upon the lands of another for the purpose of hunting.

It is true that there is cause for complaint against the section of the fish and game laws which provides that deputy wardens shall gain their compensation from fines collected in court proceedings. No doubt in some instances deputy wardens bring actions on technical grounds that would not reach the courts if their pay did not depend on the fund accumulated from these fines.

The commission may ask for legislation this winter that will make the department self-sustaining. If a gun license law were enacted the receipts would more than take care of the expense of the commission and the enforcement of law. A tax of \$1 per year for each gun used would create a fund of close to \$25,000, for it is conservatively estimated that there are 25,000 hunters in Ohio.

Any duly authorized police officer, any sheriff or any constable may make arrests. Usually when an arrest is made conviction is sure to follow. It is dangerous even to carry a gun in fields or woods during the closed season. As a matter of fact an arrest is seldom made unless evidence of guilt is considered incontrovertible.

The law calls for more than a fine. Confiscation of the gun or device unlawfully used is demanded. Section 7 of the law reads:

**Seizure of Guns.**  
Section 7. Any gun, net, seine, boat, trap or other device whatever used in the unlawful taking, catching or killing of birds, fish or game, is hereby declared to be a public nuisance and shall, upon lawful seizure by any warden or police officer, be deemed forfeited to the state; and it shall be the duty of every warden or other police officer, to seize any such property and institute proceedings for its forfeiture, as provided in section eight of this act. When any such gun, net, seine, boat, trap or other device is seized and condemned, as provided in the next succeeding section hereof, the cost of such proceeding shall be adjudged against the owner or the user thereof at the time of seizure, if known, which judgment shall be the first lien upon his property, and against which lien no exemption can be claimed.

This season perhaps 100 cases for infractions of these laws have been instituted. It is the policy of the commission to bring no case unless there is almost certain chance of a conviction. As far as possible technical violations of minor importance are not heeded.

Section 8 is an important portion of the law. It should be given careful reading by all citizens, for it concerns the duty of the officers of law, and

upon them depends the success of the department. Section 8 reads:

Sec. 8. When any gun, net, seine, boat, trap or other device is seized, as provided in section seven of this act, it shall be the duty of the warden or other officer, seizing it, to keep it in his possession, or under his control, and to institute, within three days, in the proper court of the county wherein such property is seized, proceedings for its condemnation and forfeiture. If the seizure occurs on a jury trial, by a preponderance of the evidence, that the property at the time of its seizure, was being used in violation of law, the court shall adjudge the property forfeited, and shall render judgment against the owner or user thereof, for the costs, and shall order the property turned over to the commissioners of fish and game, to be by them sold at such time and place as they shall deem best, and the proceeds thereof covered into the state treasury as provided by law. But if the court or jury shall find, or the property, at the time of its seizure, was not being used in violation of the law, the court shall order the property released. A writ of error may be prosecuted by the officer or person filing the complaint or by the owner of the property seized to review the judgment and order of the court in forfeiting the property, or in ordering its release, to the court of common pleas, circuit court, and supreme court, in the same manner as writs of error are prosecuted in other civil causes. But no writ of error shall so unlawfully using the property at the time of its seizure, shall be arrested and shall plead guilty, and shall confess that the property seized was at the time of its seizure, being used by him in violation of law, in such case it shall not be necessary to institute a proceeding to forfeit the same, but the court before whom the offender has pleaded guilty, shall, in imposing sentence, further order and adjudge that the property so seized be forfeited to the state.

Section 9 relates to the jurisdiction of officers. Any justice of the peace, mayor or police judge, within his county, shall have final jurisdiction in all prosecutions for the violation of any of the fish and game laws.

Section 10, relating to evidence and imprisonment, is important. It reads:

**Evidence, Imprisonment, Etc.**  
Sec. 10. The finding of any gun, net, seine, boat, trap or other device set, maintained, or in use, in violation of any law relating to birds, fish or game, shall be prima facie evidence of the guilt of the person owning, using or making claim to the same; and the finding of any birds, fish or game, unlawfully in the possession of any person, shall be prima facie evidence of the guilt of such person. \* \* \* In every case of conviction, the cost of prosecution, and of condemnation shall, in addition to the fine imposed, or forfeiture declared, be adjudged against the person convicted, or the owner or user of the property condemned. Whenever, upon conviction, the person fails to pay the fine and costs imposed upon him, or execution issued is returned unsatisfied, he shall be committed to the jail of the county or to some workhouse and shall there be kept confined one day for each one dollar fine and costs adjudged against him, and he shall not be discharged or released therefrom by any board or officer, except upon payment of the portion of the fines and costs remaining unpaid, or upon the order of the commissioners of fish and game. All fines, penalties, and forfeitures arising from prosecutions, convictions, confiscations, or otherwise (unless otherwise directed by the commissioner of fish and game) shall be paid to the officer before whom the prosecution is held, or by whom the fine is collected, to the president of the commissioners of fish and game, and by him paid into the state treasury to the credit of a fund which is hereby appropriated for the use of the commissioners.

**Search Warrant Process.**  
Sec. 11. Every warden, sheriff, deputy sheriff, constable, or other police officer, may inspect any package, parcel, box, coat or clothing, or other receptacle, in the possession of any person, which he believes contains birds, fish or game, or which he believes contains birds, fish, or game killed, taken, or had in possession in violation of law; and to inspect any room, building, car, boat or other place wherein birds, fish, or game are kept for sale, or which he believes contain birds, fish, or game, or which he believes contain birds, fish, or game, in possession in violation of law, if the person \* \* \* refuse to permit such inspection, upon demand made by the warden, the warden shall have the power to break open the receptacle, or building, or room, or other place, and search the same, without making any demand, in accordance with the provision of section 7121 Revised Statutes before an officer having jurisdiction of the offense, and receiving a search warrant issued thereon, and if he shall find therein birds, fish, or game, or shall find the possession of any person, he shall forthwith seize the same, and the same shall escheat to the state, and arrest the person in whose custody or possession the same is found.

The protection of song birds is a subject that is being discussed widely. Ohio is well to the front with a law on this important subject. Section 12 gives absolute protection to songsters. The only exception is that when proper application is made to the commissioners a permit may be issued for the killing of such birds for scientific purposes only.

**Protection of Song Birds, Etc.**  
Sec. 12. No person shall at any time, catch, kill, injure, pursue, or have in his possession either dead or alive, or purchase or expose for sale, transport or ship within or without the state any turtle, bird, dove, sparrow, nuthatch, warbler, flicker, vireo, wren, American robin, catbird, tanager, bobolink, bluejay, oriole, grosbeak or red bird, creeper, redstart, wax wing, woodpecker, hummingbird, killdeer, swallow, bluebird, blackbird, meadow-lark, hunting, starling, redwing, purple martin, brown thrasher, American goldfinch, chickadee, or ground-squirrel, pewee or phoebe bird, chickadee, fly-catcher, gnat-catcher, mouse-hawk, whippoorwill, snowbird, tit-mouse, hawk, eagle, or buzzard, or any other wild bird other than a game bird, unless he has in his possession a permit in writing, signed by the commissioner of fish and game, authorizing him to do so.

The foregoing is the section of the law that is read in the schools on Arbor day.

Other important sections of the laws relating to birds and game are:

**Killing of Game Birds.**  
Sec. 15. No person shall, within this

state, catch, kill, injure or pursue with such intent any Virginia partridge or quail except from the fifteenth day of October to the fifth day of December; or any woodcock or Carolina dove, except from the first day of September to the first day of December; or any rail, shore bird, plover, snipe, wild duck, wild goose, wild swan, coot or mud hen except from the first day of September to the first day of December, and the first day of March to the twentieth day of April.

No person shall at any time catch, kill, injure or pursue any of the birds mentioned in this section by the aid or use of any trap, net or snare, or distemper; destroy any of the nests or eggs or young thereof; nor catch, kill injure or pursue any wild duck or other water fowl named in this section by the aid or use of any gun except a common shoulder gun of not larger than ten gauge, or with the aid of or from any snipe boat, snipe or any boat, or by the aid or use of any snipe boat or any other common row boat propelled by oars.

No person shall catch, kill, injure or pursue any of the birds mentioned on Sunday, Monday or Tuesday, nor catch, kill, injure or pursue, or shoot at any such water fowl, before sunrise or after sunset upon any day upon which it shall be lawful to kill the same.

In the open air for such purposes, any of the implements for hunting or shooting on any Sunday.

No person shall kill in any one day more than eighteen Virginia partridge or rail, shore bird, plover, snipe, nor more than twenty-five ducks. No person shall shoot at any Virginia partridge or quail or Carolina dove except when they are flying.

**Killing of Game Animals.**

Sec. 16. No person shall, within this state, catch, kill, injure or pursue with such intent, any rabbit by the aid or use

of any gun except from the fifteenth day of November to the first day of December. Provided, however, that nothing in this section shall prohibit the killing of rabbits at any time, except on Sunday, in any manner, by the owner, manager or tenant of the premises, or by any bona fide employee of such owner, manager or tenant, when such rabbits are destroying or injuring trees, shrubbery, grain, berries or fruit, or person shall, within this state, kill, or pursue with such intent, any raccoon, except from the first day of September to the first day of March; provided, that nothing in this section shall prohibit the killing of raccoons at any time (except on Sunday) in any manner, by the owner, manager or tenant of the premises, or by any bona fide employee of such owner, manager or tenant, when such raccoons may be found injuring grain or catching domesticated fowls. No person shall catch, kill, injure or pursue with such intent any squirrel except from the first day of September to the fifteenth day of October, nor kill more than ten squirrels in any one day. No person shall buy, sell, expose for sale, or transport or ship within the limits of this state, nor buy, sell, expose for sale, or have in his possession any squirrel during the time when the killing thereof is made unlawful; nor take, catch, kill, or pursue any squirrel for the purpose of sale within this state, or for the purpose of sale or shipment beyond the limits of this state, nor buy, sell, expose for sale, or have in his possession any squirrel which has been killed within this state for the purpose of sale, or in any other manner, except for the purpose of receiving for transportation, or transport, or shall have in his possession with the intent to transport, or to secure the transportation, beyond the limits of this state, any squirrel which has been killed within this state, nor shall any squirrel be killed, taken, had in possession, received for transportation, or transported, contrary to the provisions of this section, shall constitute a separate offense. The receipt by any person within this state of any squirrel for shipment at a point without the state, shall be prima facie evidence that they were killed within this state for the purpose of conveying the same beyond its limits. But the provisions of this section shall not apply to a common carrier into whose possession any squirrel shall come in the regular course of their business, for transportation, while they are in transit through this state from any place without the state, where the killing of such animal may be lawful. Provided, that nothing in this section shall prohibit the killing of squirrels in possession, rabbits and squirrels, enclosures for domestication or propagation, or the keeping of rabbits or squirrels as pets.

**OPEN SEASON FOR GAME.**

Provided, that nothing in this section shall prohibit the killing of squirrels in possession, rabbits and squirrels, enclosures for domestication or propagation, or the keeping of rabbits or squirrels as pets.

**Protection of Private Streams.**

Sec. 21. Whoever shall trespass upon the lands, or rights in lands, located within this state, belonging to any person, and lying in or bordering upon any natural or artificial pond or brook less than ten miles in length, into which have been introduced brook trout, speckled trout, brown trout, land-locked salmon, California salmon, or any other fish, by the means known as artificial propagation, or by actual importation from other waters, for the purpose of fishing for, or catching, or catching fish, or shall in the waters of such pond or brook, catch or fish; or whoever shall buy, receive, or have in his possession any fish caught contrary to the provisions of this section, shall be deemed guilty of a misdemeanor.

**Unlawful to Have Fish Net, Trap, Etc.**  
Sec. 25. The having in possession within this state of any fish net, fish trap, fish line, or any other device, or line, throw or hand line with more than three hooks attached thereto, fish spear or any other device for catching or killing fish, other than a hook and line with bait or lure, shall be prima facie evidence of the intent to use the same for unlawful purposes; and whoever shall have the same in possession shall on conviction be fined not less than twenty-five dollars, nor more than two hundred dollars, or be imprisoned not less than thirty days, nor more than six months, or both; provided, that this section shall not apply to nets, traps, or devices for catching fish, in the possession of owners of private artificial fish ponds, for use in such ponds; nor to minnow seines not in length, to be used in catching minnows for bait, in waters other than Lake Erie.

**The use of quicklime, electricity, poisons and explosives in any of the waters of the state is prohibited by Section 26. Dynamiters are prosecuted under this section. The Fish and Game Commissioners consider this one of the most cruel and destructive forms of violation, and it has been their policy to spare neither effort nor expense in securing the conviction and punishment of this class of offenders.**

Not to be operated in waters of Lake Erie, including Sandusky Bay, Portage Bay, or any other bay bordering on or flowing into Lake Erie, between Dec. 15 and March 15, inclusive; penalty, \$25 to \$100.

Not fishing prohibited in that portion of the waters of the Lake Erie, lying within this state, and in the waters of the Maumee river above a point opposite Presque Isle; penalty, \$25 to \$100.

Black bass must not be sold in, or shipped out of, this state at any time; penalty, \$25 to \$100.

Not fishing on any day absolutely prohibited, except on Dec. 15 to 16.

Certificate of license necessary for any person, firm, or corporation, fishing in Lake Erie; penalty, \$100.

Fees required to be paid before fishing; penalty, \$25 to \$100.

Fishing seasons, penalty, \$25 to \$100.

Not shall be provided with 250-foot mesh strips in back side of crib or cart; penalty, \$25 to \$100.

**Inland Water Fishing.**

Sec. 23. No person shall draw, set,

place, locate or maintain, any pound-net, trammel-net, fish-trap, set-net, seine, fish-trap, or any other net or device for catching fish in any of the waters, either on or off Lake Erie, within this state, nor catch, or kill fish with any such device, except in any such waters, except with hook and line, with bait or lure. No person shall take or catch in any of the rivers, lakes, or ponds, or in any of the reservoirs of the state, any fish with what is known as trammel, pound-net, fish-trap, or float lines, or by spearing, shall be in that part of streams bordering on or running through his own lands. No person shall in any of the waters of the state, natural or artificial (including Buckeye lake, Indian lake, Grand or Lorain reservoirs), take or catch in any manner any black bass between May first and June first; provided, however, that in the bays connected with the waters of Lake Erie the closed season for fishing with hook and line, bait or lure, shall be from May 15 to July 15. No person shall in any of the waters of the state (including Buckeye lake and Indian lake, Grand and Lorain reservoirs), covered with ice, or frozen over, or with ice, catch or kill any fish, in any manner, through any hole cut in the ice, or through any fissure, crack, or break therein. No person shall buy, sell, offer or expose for sale, barter or give away, or have in his possession for the purpose of sale, any black bass that has been caught in any of the rivers, creeks, or reservoirs of the state, or in Buckeye lake or Indian lake, or in the waters of any other state or country, nor buy, sell, offer for sale, or have in his possession for the purpose of sale, any such waters out of season, or in a manner prohibited nor catch, take, or have in possession, any bass less than ten inches in length (measurements to be made from end of nose to end of tail). Each black bass, caught, offered or exposed for sale, bartered, given away, or sold, shall constitute a separate offense. No person shall catch, kill, offer for sale, sell, buy, or have in his possession, any brook trout, speckled trout, or California salmon, except from the first day of April to the fifteenth day of September. No person shall catch or pursue, any turtle by the aid or use of any seine, or net, except a single seine or net, the meshes of which are not less than four by four inches in dimension. Provided, that nothing in this section shall prevent the taking of minnows for bait with a minnow seine not exceeding four feet in depth and ten feet in length; nor prevent the commissioners of fish and game, or their authorized officers or agents, from taking fish at any time or place, or in any manner, for the purpose of stocking ponds, lakes, or rivers, or for the maintenance or propagation of fish in hatcheries, or for the extermination of fish in any waters; nor shall anything in this section prevent the taking of fish in any manner in the ponds or lagoons formed by the receding waters of running streams when such ponds or lagoons no longer have any connection with the channels of such streams, or when the water in such ponds or lagoons is not in communication with the waters of Lake Erie, or shall apply to private artificial fish ponds or privately owned lakes. Whoever violates any provisions of this section or any provision of section 12, 13, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, shall be fined not less than twenty-five dollars, nor more than two hundred dollars, and costs of prosecution, and in default of payment of fines and costs, shall be imprisoned as provided in section 10 of this act.

**How Americans Away From Home Celebrate Turkey Day.**

The members of the American society and their guests, to the number of more than 500, gathered on Nov. 29 last year at the Hotel Cecil for the annual Thanksgiving dinner of the society. The dining hall and the tables were decorated with products of field and garden and favors. The menu was in the shape of a pumpkin, to which was attached a corn husk. Ambassador Reid, Robert J. Wynne, the American consul general, the embassy staff and the head masters of England's great public schools were among the guests of the evening. John Morgan Richards, father of the late Mrs. Craigie, presided.

After the toast to King Edward had been honored the Rev. Edward Littleton, head master of Eton, proposed the health of President Roosevelt. He said that, speaking for the schoolboys of England, no living personage was as interesting as the American president, whose sportsmanship, honesty and strength had made him the admiration of both English boys and men. The speaker declared President Roosevelt to be the most important figure in civilization.

**How the Rich of Westchester County, N. Y., Celebrate.**

Rich residents in Westchester county, N. Y., celebrated last Thanksgiving day by having turkeys and dinners distributed among their poor neighbors at hospitals and homes for poor children.

William Rockefeller, through his manager, had turkeys given to his employees, while Miss Helen Miller Gould, though she was far away on a trip, did not forget the little crippled boys at her home called Woolverest, near Irvington. Every year the little tots who are educated by her special teachers are given a turkey dinner, and last year was no exception. Miss Gould sent word to have a special Thanksgiving feast served to them.

P. G. Thebaud, Howard Willets, A. C. Bostwick and other wealthy men had turkeys distributed among their poor neighbors. Mrs. C. Oliver Iselin, who is president of the day nursery at New Rochelle, also arranged for dinners to be distributed. At the Wartburg farm and the Bedford Home for Women special dinners were served.

**Chicago Newsboys Fed.**

An array of \$600 newsboys enjoyed the twenty-fifth annual Thanksgiving dinner given by a clothing company. The bill of fare bulk was as follows: Two hundred and fifty turkeys, 250 chickens, 1,500 loaves of bread, 1,500 dozen cakes, 150 bunches of bananas, 2 barrels of cranberry sauce, 25 ton gallon cans of mashed potatoes, 1,500 pickles, 25 boxes of oranges, 25 barrels of apples, 25 boxes of celery, figs, dates, raisins and nuts unsalted, besides ten barrels of lemonade. It took fifty men to serve the dinner and twenty-five women to wash the dishes.

**Thanksgiving in Moses' Day.**

Over 3,000 years ago the Israelites wandering in the desert were instructed by Moses to observe a holiday similar in character to the modern American Thanksgiving day when they came to the promised land. It was called the feast of the tabernacles and took place about the end of harvest time. For eight days they dwelt in booths made of overgrown. They partook of corn, wine, oil and the fruits of the ground. The priests performed a magnificent ritual of which melodious songs formed a large part.

**No Turkey For Caesar.**

The Romans had a harvest feast in honor of the Goddess Ceres, who, though of feminine gender, seems to have presided over their department of agriculture. The Romans had no turkeys and could not, of course, kill and eat the sacred goose, but managed to get along very well on fat capons and Falernian wine for all that.

## IN THE YEAR 1621.

The First Thanksgiving Day on American Soil.

The first Thanksgiving held on American soil was by the pilgrim fathers in the year 1621, shortly after they landed at Plymouth rock. It was not very much of a Thanksgiving, for they did not feel that they had very much to be thankful for, but was rather a revival of the English harvest home. Matters were about the same in 1622 and with much about the same result in giving thanks. In 1623, however, an expected ship failed to arrive with provisions when they were likely to be most wanted, and the prospects of famine were so bright that Governor Bradford, acting in the undoubted exercise of his prerogative, ordered a day to be set apart for fasting, humiliation and prayer.

But before the day appointed had come provisions turned up all right, and the day was turned into one of thanksgiving. Mr. Winslow, one of the pilgrims, in a letter gives an interesting account of this memorable day in American history. The celebration was held with "glory, honor and praise, with all thankfulness to our good God which deals so graciously with us." Ninety Indians, headed by King Massasoit, arrived at the settlement in the nick of time and shared in the feast. This celebration was somewhat previous, for not long after the pilgrims were down to plain lobsters without bread, and spring water, "which," said Governor Bradford, "somewhat impaired the freshness of our complexions," as well it might—Boston Transcript.

## MOTHERHOOD

The first requisite of a good mother is good health, and the experience of maternity should not be approached without careful physical preparation, as a woman who is in good physical condition transmits to her children the blessings of a good constitution.

Preparation for healthy maternity is accomplished by Lydia E. Pinkham's Vegetable Compound, which is made from native roots and herbs, more successfully than by any other medicine because it gives tone and strength to the entire feminine organism, curing displacements, ulcerations and inflammation, and the result is less suffering and more children healthy at birth. For more than thirty years

## Lydia E. Pinkham's Vegetable Compound

has been the standby of American mothers in preparing for childbirth. Note what Mrs. James Chester, of 427 W. 35th St., New York says in this letter:—Dear Mrs. Pinkham:—I wish every expectant mother knew about Lydia E. Pinkham's Vegetable Compound. A neighbor who had learned of its great value at this trying period of a woman's life urged me to try it and I did so, and I cannot say enough in regard to the good it did me. I recovered quickly and am in the best of health now."

Lydia E. Pinkham's Vegetable Compound is a successful remedy for the peculiar weaknesses and ailments of women. It has cured almost every form of Female Complaints, Dragging Sensations, Weak Back, Falling and Displacements, Inflammation, Ulcerations and Organic Diseases of Women and is invaluable in preparing for Childbirth and during the Change of Life.

## Mrs. Pinkham's Standing Invitation to Women

Women suffering from any form of female weakness are invited to write Mrs. Pinkham, at Lynn, Mass. Her advice is free.

Serious Runaway Saturday—Mrs.  
Goodell Entertains—Granville  
and Denison News Items.

Granville, O., Nov. 18.—For several years it has been the habit of a large number of the boys in Denison to congregate on the steps and in the hall of Doane Academy just before chapel time, blocking up the passage way and making it quite difficult for the young women to make their way through the crowds to the chapel, which is located in Doane academy building. The girls tired of this, and concluded they would teach the boys a lesson. Friday morning, just before chapel several hundred of the "sem" girls formed two lines along the chapel entrance. When the classes in the college were dismissed for chapel, the boys started with great haste to gain their accustomed places on the steps of Doane academy, but stopped in amazement at the sight that presented itself of several hundred fair ones blocking the entrance. A few of the boys ran the gauntlet, but the majority of the boys congregated in a body in front of the east dormitory, while some of the more anxious ones tried to gain entrance to the building by the rear door. After a wait of about ten minutes a number of the boys made a break through the ranks of the girls, and were followed by the whole body of students, who marched in single file, under the close inspection of the young women. After all had taken their seats Dr. Hunt addressed the boys, in which he said he hoped "they would take the clever little hint given them by the young women and hereafter leave the steps clear."

Mr. A. M. Nichols, one of Granville's oldest and most highly respected citizens, left Saturday for St. Louis, where he will make his future home, and where he will actively engage in the affairs of the St. Louis Seed company, of which he is the vice president, his son being president, treasurer and general manager.

On last Thursday afternoon Mrs. C. L. Goodell entertained a number of ladies from 2 to 5 o'clock, in honor of her mother, Mrs. Ogle, and a delicious luncheon was enjoyed. The guests from out of town were Mrs. Seasholes, of Philadelphia, Mrs. Olney of Boston, Mrs. Dalton of Milwaukee, Mrs. Hamscomb of New York, Mrs. Husted of Washington, D. C., and Mrs. Craig and Mrs. Higgins of New York.

Early dawn last Friday brought forth the hunters in great numbers, all bent on getting the fullest enjoyment out of the first day's hunt of the opening of the season. Even at the first peep of day, the fields were lined with hunters and dogs, and the hills and valleys fairly resounded with the cannonading of the firearms used in the slaughter of rabbit and quail. From every direction came reports of large success in bagging the birds and animals of the fields. Others again were without success, and reported with nothing more than a varied experience as their trophy for the day's sport. Up to this time no reports of accidents have been received here, but with the number of hunters in the field it can hardly be possible for many days to pass over without accident.

The Doane football team did not go to New Concord Saturday to play Muskingum, as the game was cancelled by the manager of the Muskingum team.

Just about dusk Sunday evening a serious runaway accident occurred on College street, by which Mr. E. J. Case, a well known resident of this place was seriously injured. Mr. Case was driving along College street, and when almost immediately in front of the residence of Judge John David Jones, the animal frightened at a passing automobile and whirling suddenly around overturned the buggy and threw Mr. Case to the ground with terrific force, severely injuring him. The horse then started north on College street where he was caught by some students. The buggy was considerably damaged.

### BIG REUNION OF CLASS OF 1893

Granville, O., Nov. 18.—At the June commencement, there will be celebrated by the class of 1893, its fifteenth anniversary. The members of this class are as follows:

James F. Baldwin, professor of history, Vassar College, Poughkeepsie, N. Y.

H. H. Bawden, professor of philosophy, Vassar College, Poughkeepsie, N. Y.

L. E. Bridgman, capitalist, Evansville, Ind.

L. E. Butler, Baptist minister, Anthony, Kas.

L. H. Carmack, sales manager, D. E. Abbott Co., Huntington, W. Va.

W. F. Chamberlain, general manager, The Dayton Hydraulic Machin-

ery Company, Dayton, Ohio.

N. A. Clark, chief engineer, U. S. C. I. Pipe and Foundry Co., Chattanooga, Tenn.

C. H. Dicks, farmer, Corry, Colo.

J. O. R. Fisher, civil engineer, B. & O. R. R., Lodi, Ohio.

H. B. Goetschius, stocks and bonds, New York, N. Y.

H. D. Huston, Hutson Dry Goods Co., Homestead, Pa.

John H. Massy, Baptist pastor, Edmundsburg, Va.

E. J. Owen, professor of mathematics, Pillsbury Academy, Owatonna, Minn.

J. W. Roberts, Baptist pastor, Toledo, Ohio.

A. D. Sorensen, instructor in philosophy, Cambridge, Mass.

E. G. Stanley, missionary, Congo, Africa.

Wallace St. John, professor in Rangoon College, Rangoon, Burma.

Chas. Brown White, farmer, Granville, Ohio.

Wm. A. Wilkin, missionary to the Wichita Indians, Anadarko, Okla.

Geo. C. Wright, Baptist minister, Santa Barbara, Cal.

One member of the class, Emmet U. Smith, died at Tropic, Cal., in 1895.

The class will give some permanent gift to the university. Several suggestions have been made by Dr. Hunt to the class, and the one which seems to have most favor so far is the election of a flag pole in a prominent place on the campus. Another suggestion which has met with favor is the restoration of the first college building, a skeleton of which still stands on the campus.

Mr. L. H. Carmack of Huntington, W. Va., will have charge of the class reunion and all communications by the class should be made to him.

A number of the geological students have organized the C. L. Herick Geological Society of Denison University. The object of the society is to foster a spirit of investigation and promote the better acquaintance of students interested in geology.

The membership is limited to twenty in order that better work may be done. The meetings are held the second Monday evening of each month, when a program of reports of research work or on some geological topic of interest is given.

The officers of the society are as follows:

President—E. R. Scheffel.  
Vice President—Miss Olive Rusler.  
Secretary—Miss Blanche Black.

Treasurer—Howard Maloney.

The committee that will have charge of the 1908 Washington banquet, is as follows: Theodore Johnson, chairman; Rees Williams, Harold Thomas, J. H. Lydov, H. M. Huffman, Ann Sorensen, Lela Montgomery, Eleanor Chaffee, Marguerite Jones.

And Inflicted Very Serious Injuries,  
Which May Result in Man's  
Death.

A. C. Hufford, whose home is in Evans avenue, was struck by a train at the Sixth street crossing and received injuries which may prove fatal.

At 9 o'clock Saturday night a call was sent for the police patrol and they took the injured man to the Newark Sanitarium. An examination disclosed a bad bump and cut on the head and his left shoulder blade is dislocated. It is also thought that he is injured internally. He was unconscious when picked up by the patrol and Monday afternoon was still in the same condition.

Mr. Hufford is a glass worker and married. He is in a very serious condition but the physicians can not state definitely whether he will recover until he regains consciousness.

**RETROSPECTIVE**

Lines suggested on the celebration of the fiftieth anniversary of the marriage of Mr. and Mrs. D. L. Thompson, Newark, O., November 3, 1907:

The skies are clear—and friends are here,  
Their kindly thought to show,  
And celebrate that happy date,  
Of fifty years ago.

How like a dream, the past must seem,  
In years, swift overflow,  
With doubts and fears—with smiles and tears,  
Since fifty years ago.

But space for gloom, can find no room,  
In Love-light's constant glow,  
Our truth and plight our hands unite,  
As fifty years ago.

## CREDIT

(Continued from page 1.)

ent is that our citizenship should realize how fundamentally sound business conditions in this country are and how absurd it is to permit themselves to give in to a panic and create a stringency by hoarding their savings instead of trusting perfectly sound banks. There is no particle of risk involved in letting business take its natural course, and the people can help themselves and the country most by putting back into active circulation the money they are now hoarding. The banks and trust companies are solvent. There is more currency in the country today than there was a month ago, when the supply was ample. Fifty-five million dollars in gold has been imported, and the government has deposited another \$36,000,000. These are facts, and I appeal to the public to co-operate with us in restoring business conditions.

"The government will see that the people do not suffer, if only the people themselves will act in a normal way. Crops are good and business conditions are sound, and we should put the money we have into circulation in order to meet the need of our abounding prosperity. There is no analogy at all with the way things were in 1893. In November 30 of that year there was in the treasury but \$161,000,000 in gold. On November 14 of this year there was in the treasury \$904,000,000 in gold.

"Ten years ago the circulation per capita was \$23.23. It is now \$33.23. The steps that you take, the ability of the government to back them up and the fact that not a particle of risk is involved therein gives the fullest guarantee of the sound condition of our treasury. All that our people have to do now is to go ahead with their normal business in a normal fashion and the whole difficulty disappears, and this end will be achieved at once if each man will act as he normally does act and as the relations of the country's business fully warrant his now acting.

"Sincerely yours,  
"THEODORE ROOSEVELT.  
Hon. George B. Cortelyou, Secretary of the Treasury."

### CENTENNIAL.

A number of friends of Misses Alta and Sadie Rinehart called at their home Wednesday evening. The evening was spent in games and social intercourse. A very pleasant time was enjoyed by all. Those present were Misses Belle Wince, Lizzie Davidson, Ethel Neighbour, Otta Belt and Jessie Alspach, Messrs. Leonard Alspach, Harry Weaver, Roy Davidson, Cary Neibarger and Ralph Haas.

Mr. and Mrs. F. M. Toothaker were Newark visitors, Friday.

Mr. and Mrs. E. C. Alspach attended church at Appleton.

J. I. Bogart, formerly of Cleveland, but now residing in Oklahoma, has written for information as to the whereabouts of E. W. Siegler of Nevada, O., whom he charges with eloping with his wife and little child.

that it is "Mr. Bryan against the field." He said: "If Bryan is a candidate before the convention I don't think there is any question but that he'll be nominated. He's certainly the most logical candidate in sight."

"What will be the issue of the campaign?"

"Regulation of the trusts and the tariff. We don't want a radical platform. We should regulate not annihilate business. I doubt if there will be a Government ownership of railroads plank. I think Mr. Bryan himself thinks more of regulation than ownership."

"Do you blame the President in the West for the present panic?" was asked.

"Yes, and Democrats generally believe that Roosevelt will not have any easy time securing re-election should he be renominated," said Mr. Taggart. "There is some third-term sentiment, but it's among his friends, not in the Republican party, and the Democrats believe they can beat him at the polls."

"Do you think he is working for a renomination?"

"I have taken him at his word," said Mr. Taggart, with a smile, "that he will not accept a renomination. To break his word would be, indeed, dangerous for him. The truth is that Roosevelt is being forced, as his friends put it. It seems to me that he is doing more to put himself in the way of being 'forced' than is anybody else."

"Will you discuss the date and place of the national convention?" Mr. Taggart was asked.

"I presume so, informally," was the answer. "The committee generally meets in Washington while Congress is in session, and I prefer it come together next month, though it may not be till January. I can't tell you where the national convention will be held. Seven cities have invited us. Among them Cincinnati, Chicago, St. Louis, St. Paul and Atlantic City. I shall not express any preference until after the French Lick conference."

"Will the conference discuss candidates for the Presidency?"

"It has not been called for that purpose. Friends of every man available will be there, no doubt."

"In Indiana there is a very strong sentiment for Bryan, and his recent statement in the Commoner increased it. I am satisfied that if Mr. Bryan wants the Indiana and Illinois delegations he can get them. The friends of Governor Johnson of Minnesota, are working very hard for him. They say he is level headed and would carry us state. Grey of Delaware, is also mentioned."

Mr. Taggart expressed the belief

"Do you think he is working for a renomination?"

"I have taken him at his word," said Mr. Taggart, with a smile, "that he will not accept a renomination. To break his word would be, indeed, dangerous for him. The truth is that Roosevelt is being forced, as his friends put it. It seems to me that he is doing more to put himself in the way of being 'forced' than is anybody else."

"Will you discuss the date and place of the national convention?" Mr. Taggart was asked.

"I presume so, informally," was the answer. "The committee generally meets in Washington while Congress is in session, and I prefer it come together next month, though it may not be till January. I can't tell you where the national convention will be held. Seven cities have invited us. Among them Cincinnati, Chicago, St. Louis, St. Paul and Atlantic City. I shall not express any preference until after the French Lick conference."

"Will the conference discuss candidates for the Presidency?"

"It has not been called for that purpose. Friends of every man available will be there, no doubt."

"In Indiana there is a very strong sentiment for Bryan, and his recent statement in the Commoner increased it. I am satisfied that if Mr. Bryan wants the Indiana and Illinois delegations he can get them. The friends of Governor Johnson of Minnesota, are working very hard for him. They say he is level headed and would carry us state. Grey of Delaware, is also mentioned."

Mr. Taggart expressed the belief

that it is "Mr. Bryan against the field."

He said: "If Bryan is a candidate before the convention I don't think there is any question but that he'll be nominated. He's certainly the most logical candidate in sight."
